Mr. EVANS. The RCMP and the FBI attempted to ascertain whether there was any connection between those gentlemen and were unable to establish any links. However, committee counsel and investigators learned from Mr. Sneyd that he and Mr. Bridgman utilized the same Toronto doctor, Marvin Maxman, for annual physicals.

Mr. Bridgman cannot be located and Dr. Maxman refused to speak with committee staff members. None of the gentlemen involved reported losing identity papers or could otherwise explain how their names came to be used by Ray and no other connections could be found. Mr. John Willard was not located.

Ray had no satisfactory explanation for his use of the Eric S. Galt identity, which he adopted shortly after his first trip to Canada began in July of 1967.

During an interview at Brushy Mountain Prison, Ray stated he got the name from a Chicago phone book and one author even suggested that Ray got the name from a road sign for the Canadian city of Galt. Neither explanation could be corroborated.

Of interest is the fact that prior to 1966 the real Eric St. Vincent Galt signed his name in a manner that could be read Eric Starvo Galt.

Mr Chairman, I would like to enter as a MLK exhibit what has been premarked F-231.

Chairman STOKES. Without objection, it may be entered into the record.
